

MISSIONS UPDATE

INDIA

PS YESUPADAM AND SAM VUNNAMATLA

They have been able to continue running their Bible College because the students all live in the Bible College building. The students have been packing and preparing food parcels for families affected by the COVID relates problems in their nation.

They use the name 'Hope for the Hopeless' and Pastor Margaret allocated \$2000 from missions toward this

project, They were very thankful to receive it and put together 250 family food packages costing A\$8 each to give to the families.

Each family package consists of -
5kg of rice, vegetables, cooking oil, Dhal, packet of tea, sugar and powdered milk. This keeps them going for about a week

As always some salvations resulted from this outreach as they offer prayer to support those who would like it.

VICTORY *Life* INTERNATIONAL

PNG, PAUL HUAMBUKIE

Reports despite the Corona virus restrictions they have been pushing on building the 'transient house' (his words) to be used by teachers who come to teach practical skills or Bible College materials. He says it is almost completed, following this will be a temporary classroom, then they plan to enroll students.

LIBERIA PS RUTH AND EMMANUEL GYAMFI -

They wrote "We had a partial lockdown in Liberia due to the Corona Virus. Schools and churches had been closed for more than a month and couple of weeks now. However, things are getting back on track gradually, just that the economic situation is a major struggle for most homes in Liberia".

PHILIPPINES PS FERDI & MIRIAM CONSIBINO

Ps Ferdi and their church have also been preparing food parcels for their community to help those affected by the Covid problems.

TANZANIA PS JACOB & PS AHADI

Recent floods throughout many parts of Tanzania, Congo and those areas have devastated many people's homes, farms and animals etc. Pastor Margaret also allocated A\$2000 to the Kigoma region Bible College (Ps Ahadi) to administrate help to the families known there who have been affected by this natural disaster.

Post flood food relief to orphans Kigoma region

TANZANIA BISHOP MGULLU

For the same reasons as mentioned above Pastor Margaret also sent A\$2000 to assist in their areas. Bishop Mgullu is a recent addition to our VLI Bible Colleges and also has on site accommodation for his students. The flooding affected them and many other neighbouring villages and families.

TANZANIA KIGOMA WATER TANK

Last year we paid for a town water supply feed for water into the base church which administers the Bible College. This water supplies the local neighbourhood and saves people having to travel long distance by local minibuses or walking many kilometres carrying large heavy water containers. Because the water is only turned on for a few hours a day, we decided to have a large tank installed to fill while the water is on and then be able to use as needed. The water is sold at low cost to the local people as a goodwill and relationship building outreach for the church.
